

SPRINGFIELD TOWNSHIP SPEED BUMP PETITION

In order for the installation of speed humps to be considered on _____ Rd/St,
between _____ and _____, the following
procedure shall be followed:

- 1) Petition receives signatures from what appears to be 70% of households on said street.
- 2) Petition submitted to Board of Trustees for consideration of temporary speed humps. If Board approves then temporary speed humps will be ordered and installed when able to be funded.
(Temporary speed humps will be removed during winter months)
- 3) Once temporary speed humps have been installed, a post card survey will be mailed to each household on said street.
- 4) If 70% or more of the postcards are returned in favor of having speed humps, then the Board of Trustees will consider the installation of permanent speed humps on said street.

The Springfield Township Board of Trustees shall consider average daily traffic, professional input, and any other pertinent factor(s) during the approval process.
